Lauren,

Kellie at Dept of Taxation noticed a few errors in the CIP and the Indebtedness Reports for North Lake Tahoe FPD. I've attached the revised docs (along with a revised DMP since the capital improvement plan was attached to that doc). Below is a summary of the changes:

1. Form 441 ILGF (CIP) – All fund names changed to “Capital Fund.”
2. Indebtedness – Pgs 3 & 4 don't tie to each other (errors are on page 3)
 - a. 2025-2026 changed to \$163,946 (now matches page 4)
 - b. 2026-2027 changed to \$164,262 (now matches page 4)

Is it possible to replace the materials that will be reviewed by the DMC? If not, I understand.

Thanks.

DEBT MANAGEMENT POLICY

As of June 30, 2023

North Lake Tahoe
Fire Protection
District

Prepared by:
JNA Consulting Group, LLC

EXECUTIVE SUMMARY

This Debt Management Policy was created to fulfill the requirements of NRS 350.13. The North Lake Tahoe Fire Protection District (the "District") is generally limited in the bonds it can issue by its statutory debt and the amount of revenue available to pay debt service on bonds. This policy discusses the outstanding and proposed debt of the District, its ability to afford such debt and other items relating to the issuance of bonds by the District.

As of June 30, 2023, the District has no general obligation bonds outstanding. The District has \$1,744,000 of medium-term financing outstanding. The District has approximately \$96,445,529 of debt limit available.

Affordability of Existing, Authorized and Proposed General Obligation Debt

NRS 350.013 1.(c)(1) A discussion of its ability to afford existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt.

NRS 350.013 1.(c)(6) A discussion of its sources of money projected to be available to pay existing general obligation debt, authorized future general obligation debt and proposed future general obligation debt.

General Obligation Bond Indebtedness

General obligation bonds of the District are issued pursuant to NRS Chapter 350 and Chapter 474. The District's general obligation bonds constitute direct and general obligations of the District and the full faith and credit of the District is pledged to the payment of principal and interest, subject to Nevada constitutional and statutory limitations on the aggregate amount of property taxes.

The general obligation bonds are payable by the District from any source, legally available therefore at the times such payments are due, including the General Fund of the District. In the event, however, that such legally available sources of funds (including net pledged revenues) are insufficient, the District is obligated to levy a general (property) tax on all taxable property within the District for payment of the general obligation bonds, subject to the limitations provided in the constitution and statutes of the State of Nevada (the "State").

In any year in which the total property taxes levied within the District by all applicable taxing units (e.g., the State, the County, the District, the school district, any city, or any special district) exceed such property tax limitations, the reduction to be made by those units must be in property taxes levied for purposes other than the payment of their bonded indebtedness, including interest on such indebtedness.

Nevada statutes provide that no act concerning the District's bonds, or their security, may be repealed, amended, or modified in such a manner as to impair adversely the bonds or their security until all of the bonds have been discharged in full or provision for their payment and reception has been fully made.

General Obligation Bonds

The District currently has no outstanding general obligation debt paid by the levy of a specific property tax.

Outstanding, Authorized and Proposed General Obligation Debt

As of June 30, 2023, the District has no general obligation revenue bonds outstanding. The District has \$1,744,000 of medium-term financing outstanding. The District reserves the privilege of issuing bonds or other securities at any time legal requirements are satisfied.

The following table lists the outstanding debt of the District.

Outstanding Debt			
June 30, 2023			
	Date Issued	Original Amount	Amount Outstanding
<u>MEDIUM-TERM BONDS</u>			
Medium-Term Bonds	7/29/2020	\$3,495,000	\$1,744,000

Source: The District; compiled by JNA Consulting Group, LLC

General Obligation Revenue Secured Bonds

The District has no general obligation revenue bonds outstanding as of June 30, 2023.

The following table shows the affordability of the District's debt service.

Debt Service Affordability
Debt Service Affordability

Fiscal Year Ending June 30	2022 Audited	2023 Estimated	2024 Budgeted
Total Revenues	\$21,464,894	\$23,048,627	\$24,676,424
Total Expenditures-All Functions ¹	(17,686,323)	(20,015,027)	(23,316,022)
Net Funds Available	\$3,778,571	\$3,033,600	\$1,360,402
Debt Service	(656,092)	(662,231)	(658,271)
Excess/Unused General Fund Revenues	\$3,122,479	\$2,371,369	\$702,131

¹ Excludes amounts budgeted for taxpayer refunds. The District anticipates these expenses will be paid from fund balance. As of June 30, 2023, the District's estimated ending general fund balance is \$4,481,251.

Note: The District, as of June 30, 2023, has a General Fund Balance estimate of \$8,348,896.

SOURCE: The District; compiled by JNA Consulting Group, LLC

Medium-Term General Obligation Indebtedness

The District has \$1,744,000 of medium-term debt. The debt is payable from any legally available sources of the District, including a voter-approved tax override of \$0.3100.

The following table illustrates the outstanding debt service to maturity for the District's medium-term debt which is paid from the District's general fund.

Outstanding Medium-Term Debt Service June 30, 2023

SOURCE: The District

General Obligation Debt Limit

NRS 350.013 1.(c)(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit.

State statutes limit the amount of indebtedness which may be incurred by the District to no more than five percent of the District's total reported assessed valuation. Based on the District's assessed valuation for fiscal year 2023 the District's available debt limit is approximately \$96,445,529.

General Obligation Debt Limit Based on Fiscal Year 2023 Assessed Value

<u>NLTFPD Total Assessed Value</u>	<u>\$1,963,790,588</u>
General Obligation Debt Limit (5%)	98,189,529
Outstanding General Obligation Debt	<u>(1,744,000)</u>
<u>Available General Obligation Debt Limit</u>	<u>\$96,445,529</u>

Other factors also limit the amount of debt the District can issue. These factors include, but are not limited to; available revenues, bond market conditions, and the type of projects to be funded.

General Obligation Debt Comparisons

NRS 350.013 1.(c)(3) A discussion of its general obligation debt that is payable from property taxes per capita as compared with such debt of other municipalities in this state.

NRS 350.013 1.(c)(4) A discussion of its general obligation debt that is payable from property taxes as a percentage of assessed valuation of all taxable property within the boundaries of the municipality.

The District currently does not have any outstanding bonds being paid directly from property tax.

Method of Sale

NRS 350.013 1.(c)(5) Policy regarding the manner in which the municipality expects to sell its debt.

Bonds can generally be sold at a competitive or negotiated sale or be privately placed.

Competitive Sale - Offering documents are sent to any firm interested in purchasing the bonds. A day and time are chosen for the sale and bonds are awarded to the firm offering the lowest true interest cost on the bonds (the "TIC"). The TIC is the discount rate which results in a present value of the future debt service payments equal to amount bid for the bonds.

Negotiated Sale - One firm, or group of firms, is chosen in advance to offer the bonds for sale. At the time of sale, interest rates and other terms of the bonds are negotiated with the Underwriter.

Private Placement - A purchaser, usually an individual or bank, is identified and the bonds are placed directly. Interest rates and other terms of the bonds are negotiated with the purchaser.

NRS 350 generally requires bonds issued by the District to be sold at competitive sale. For most District general obligation bonds, a competitive sale will usually result in the lowest TIC on the bonds. There are certain circumstances under which the District would consider a negotiated sale or private placements. Such circumstances include, but are not limited to:

- 1) Bonds issued with a variable rate of interest
- 2) Bonds rated below A- or not rated
- 3) Very small or very large bond issues
- 4) Unstable or highly volatile markets
- 5) Bonds with unusual security or structure

The District will follow the requirements of NRS 350.155 in choosing a method of sale for its bonds. If the District determines that a negotiated sale is warranted for a general obligation bond or a bond secured by an excise tax, it will distribute a request for proposal to underwriting firms. The selection of an underwriter(s) will be based on a determination of the firm that demonstrates its ability to obtain the overall best interest rate for the District. Consideration in making this determination will be given to the firm's experience with similar financings, proposed compensation structure and marketing plan.

Operational Costs of Future Capital Projects

NRS 350.013 1.(c)(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d) if those costs and revenues are expected to affect the property tax rate.

The District has prepared a Capital Improvement Plan, which is attached as Appendix B. As noted in Appendix B, some projects will have an impact on the District's general operating funds. Operational costs are funded with revenues of the District and will not affect the property tax rate.

Capital Improvement Plan

NRS 350.013 1.(d) Either:

- 1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or*
 - 2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.*
-

See Appendix B.

Chief Financial Officer of the District

NRS 350.013 1.(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.

The chief financial officer of the District is:

Jackie Signorelli
Chief Financial Officer
North Lake Tahoe Fire Protection District
866 Oriole Way
Incline Village, Nevada 89451
