Where the word "Mayor" appears, it shall be construed to mean County Commissioners. The following changes, additions and deletions in the 1973 Edition of the Uniform Sign Code are hereby incorporated into the provisions of said code.

CHAPTER 1 - Title, Scope and Enforcement.SECTION 102

The purpose of this Code is to provide minimum standards to safeguard life, health, property and public welfare by regulating and controlling the design, quality of materials, construction, location, electrification, and maintenance of all signs and sign structures not located within a building.

No sign shall be erected in such a manner as to confuse or obstruct the view or interpretation of any official traffic sign, signal or device.

The regulations of this Code are not intended to permit any violation of the provisions of any other lawful Ordinance.

Existing advertising displays shall be made to conform to the structural regulations prescribed herein within six (6) months of the date of the adoption of this Code by the Board of Washoe County Commissioners.

No advertising display may be erected unless the name of the person owning or maintaining it is plainly displayed thereon. This identification tag or plate will not be a part of the main display.

SECTION 103

(a) Authority. The Building Official is hereby authorized and directed to enforce all the provisions of this Code.

(b) Right of Entry. Whenever necessary to make an inspection to enforce any of the provisions of this Code, or whenever the Building Official or his authorized representative has reasonable cause to believe that there exists any sign or any condition which makes such sign unsafe, the Building Official or his authorized representative may enter the premises or building on which such sign is located at all reasonable times to inspect the sign or to perform any duty imposed upon the Building Official by this Code; provided that if such building or premises on which the sign is located be occupied, he shall first present proper credentials and demand entry; and if such building or premises be unoccupied, he shall first make a reasonable effort to locate the owner or other persons

having charge or control of the building or premises and demand entry. If such entry is refused, the Building Official or his authorized representative shall have recourse to every remedy provided by law to secure entry.

No owner or occupant or any other person having charge, care or control of any building or premises shall fail or neglect, after proper demand is made as herein provided, to promptly permit entry therein by the Building Official or his authorized representative for the purpose of inspection and examination pursuant to this Code. Any person violating this subsection shall be guilty of a misdemeanor.

(c) Board of Appeals. In order to provide for reasonable interpretation of the provisions of this Code there is hereby established a Board of Appeals as provided in the Uniform Building Code.

The fee for application to the Board of Appeals shall be set at \$25.00.

(d) Violation and Penalties. It shall be unlawful for any person, firm or corporation to erect, construct, enlarge, alter, repair, move, improve, remove, convert, demolish, equip, use or maintain any sign or structure in the County, or cause or permit the same to be done, contrary to or in violation of any of the provisions of this Code.

Any person, firm or corporation violating any of the provisions of this Code shall be guilty of a misdemeanor, and each such person shall be deemed guilty of a separate offense for each and every day or portion thereof during which any violation of any of the provisions of this Code is committed, continued, or permitted, and upon conviction of any such violation such person shall be punishable by a fine of not more than \$500.00, or by imprisonment for not more than six months, or by both such fine and imprisonment.

The owner of any sign as defined and regulated by this Ordinance, including support structures, shall keep the same in a safe condition at all times. If the Building Official shall find that any sign regulated herein is unsafe or insecure, or is a menace to the public, or constitutes a public nuisance, he shall give written notice to the sign owner and/or property owner. If such sign owner and/or property owner fails to remove or alter the advertising display so as to comply with the standards herein set forth within thirty (30) days after such notice, the Building Official may cause any sign which is in violation to be removed summarily and without further notice.

Any advertising display now, or hereafter existing, which is no longer advertising a bona fide business conducted or a product available for purchase by the public, shall be removed by the owner, agent, or persons having the beneficial use of the building or structure upon which such copy or message may be found within thirty (30) days after written notice from the Building Official or

his authorized agent, and upon failure to comply with such notice within the time specified in such order, the Building Official is hereby authorized to cause removal of such copy or message and any expense incident thereto shall be paid by the owner of the building, sign or structure upon which such copy or message is displayed.

The cost of such work shall be paid from the repair and demolition fund, and may be made a special assessment against the property involved, and/or may be made a personal obligation of the property owner, as the County Commissioners shall determine.

(e) Stop Work Order. Whenever any structural work is being done contrary to the provisions of this Code, the Building Official may order the work stopped by posting a notice on the work being done. It shall be left to the discretion of the County Commissioners to stop or suspend any and all work of an unusual nature. Any such persons shall forthwith stop such work until authorized by the Building Official to proceed with the work. When work for which a permit is required by this Code is commenced prior to obtaining said permit, the fees specified shall be doubled, but the payment of such double fee shall not relieve any persons from fully complying with the requirements of this Code in the execution of the work nor from any other penalties prescribed.

(f) The remedies provided in this Ordinance for the removal of illegal advertising displays or messages are cumulative and not exclusive of any other remedies provided by law.
