SUMMARY: An ordinance creating a department of water resources; providing for the appointment of a director of department; providing for a division of utility services and a division of resource planning and management; making the department of water resources the repository for water planning commission records; and substituting department and director of water resources for department and director of public works; making clerical changes; and other matters relating thereto.

BILL NO. 1146

ORDINANCE NO. 971

AN ORDINANCE AMENDING CHAPTER 40 OF THE WASHOE COUNTY CODE CREATING A DEPARTMENT OF WATER RESOURCES; PROVIDING FOR THE APPOINTMENT OF A DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES; PROVIDING FOR A DIVISION OF UTILITY SERVICES AND A DIVISION OF RESOURCE PLANNING AND MANAGEMENT; AMENDING SECTIONS 40.180, 40.220, 40.225, 40.230, 40.260, 40.265 AND 40.266 TO SUBSTITUTE REFERENCES TO DIRECTOR/DEPARTMENT OF PUBLIC WORKS TO DIRECTOR/DEPARTMENT OF WATER RESOURCES; TO MAKE DEPARTMENT OF WATER RESOURCES REPOSITORY FOR WATER PLANNING COMMISSION RECORDS; MAKING CLERICAL AMENDMENT TO NUMEROUS ADDITIONAL SECTIONS [40.010, 40.030, 40.050, 40.060, 40.100, 40.130, 40.170, 40.200, 40.210 AND 40.260] TO REFLECT RENUMBERING; AND PROVIDING OTHER MATTERS PROPERLY RELATING THERETO.

THE BOARD OF COUNTY COMMISSIONERS OF THE COUNTY OF WASHOE DO ORDAIN:

SECTION 1. Chapter 40 of the Washoe County Code is hereby amended as set forth in Sections 2 through 24, inclusive, of this ordinance.

SECTION 2. A new section 40.280 is hereby added to the Washoe County Code to read as follows:

40.280 Creation of department of water resources.

1. There is hereby created the Washoe County department of water resources.

2. The department shall be responsible primarily for the planning, management and operation of water resources including, but not limited to, water, sewer, flood control, and drainage, as assigned by the board of county commissioners.

3. The department shall provide staff services to and on behalf of the water planning commission created pursuant to sections 40.500 to 40.560 of this chapter.

SECTION 3. A new section 40.290 is hereby added to the Washoe County Code to read as follows:

40.290 Creation of position of director of water resources.

1. The position of director of water resources is hereby created. The director shall be appointed by the board of county commissioners upon recommendation of the county manager and shall serve at the pleasure of the board.

2. The director shall appoint, pursuant to the provisions of chapter 5 of this code regulating county personnel, such professional, technical, clerical and operational staff as the execution of his duties and the operation of his department may require.

SECTION 4. A new section 40.300 is hereby added to the Washoe County Code to read as follows:

40.300 Powers, duties of director of water resources. The director of water resources shall direct and supervise all planning, administrative and technical activities of the department of water resources. In addition to the duties as may be required in the daily administration of the department, the director shall act as secretary to the water planning commission.

SECTION 5. A new section 40.310 is hereby added to the Washoe County Code to read as follows:

40.310 Divisions of department of water resources enumerated. The department of water resources shall consist of:

1. A utility services division;
2. A resource planning and management division; and
3. Such other divisions as the board of county commissioners may in its discretion from time to time establish.

SECTION 6. A new section 40.320 is hereby added to the Washoe County Code to read as follows:

40.320 Utility services division: appointment of manager.

1. The manager of the utility services division shall be appointed by the director of water resources.

2. The manager of the utility services division is responsible to the director of water resources and has such powers and duties as are conferred upon him by the director of water resources in administering the operations of the department.

SECTION 7. A new section 40.330 is hereby added to the Washoe County Code to read as follows:

40.330 Resource planning and management division: appointment of manager.

1. The manager of the resource planning and management division shall be appointed by the director of water resources..

2. The manager of the resource planning and management division is responsible to the director of water resources and has such powers and duties as are conferred upon him by the director of water resources in administering the operations of the department.

SECTION 8. Section 40.010 of the Washoe County Code is hereby amended to read as follows:

40.010 Exercise of authority by county commissioners.
Pursuant to NRS 244.3665, the board hereby exercises its lawful authority to:

1. Prohibit any waste of water within the unincorporated areas of the county by customers of a public water system;

2. Classify the conditions under which specified kinds and amounts of the use, consumption or expenditure of water are wasteful;

3. Provide for reasonable notice to water users who are customers of a public water system in the unincorporated area of the county of the existence of such conditions;

4. Require any person, group of persons, partnership, corporation or other business or governmental entity which is not a public water utility regulated by the public service commission of Nevada and which furnishes water by means of a public water system to any person, customer or user who wastes water within the meaning of sections 40.010 to 40.266, inclusive, to reduce or terminate water service to any such customer or user;

5. Prohibit the wasteful use of water at the times and places designated in the ordinance and in resolutions implementing such prohibitions; and

6. Provide appropriate penalties for violation of sections 40.010 to 40.266, inclusive.

SECTION 9. Section 40.030 of the Washoe County Code is hereby amended to read as follows:

40.030 Definitions. For the purpose of sections 40.010 to 40.266, inclusive, the terms, phrases, words and their derivation defined in sections 40.010 to 40.160, inclusive, have the meanings ascribed to them in those sections.

SECTION 10. Section 40.050 of the Washoe County Code is hereby amended to read as follows:

40.050 "Department" defined. Unless specified otherwise in sections 40.010 to 40.266, inclusive, "department" refers to the department of water resources of the county under the supervision and direction of the director of water resources, which department is hereby designated as the official governmental agency responsible for coordinating and supervising the enforcement of sections 40.010 to 40.266, inclusive.

SECTION 11. Section 40.060 of the Washoe County Code is hereby amended to read as follows:

40.060 "Excessive" defined. "Excessive" as used in relation to the use, expenditure or application of water which is the subject of sections 40.010 to 40.266, inclusive, means any immoderate or unreasonable consumption of water which results in water:

1. Running to waste into any street, road, parking lot, gutter, drain way, swale, sewage system or any place for the disposal of water in a steady stream or flow; or
2. In the course of running to waste, collecting in pools or in any depressed area to a depth of 1 inch or more; or
3. Being used, expended or applied as part of the water supply provided by any public water system, in a manner contrary to any water conservation regulation, policy, rule, condition, directive or request which has been issued to the customers of the public water system in question or which has been given general public notice by the public water system in question; or
4. Being expended in any combination of subsections 1 to 3, inclusive, of this section.

SECTION 12. Section 40.100 of the Washoe County Code is hereby amended to read as follows:

40.100 "Public water system" defined.

1. "Public water system" refers to any publicly or privately owned network of pipes, conduits, wells, machinery, reservoirs, holding tanks and any other components, including any combination thereof, which supplies water to customers who are charged a fee of any kind or nature for such service or which is designed to supply water or is capable of supplying water to customers for a fee at two or more dwellings, buildings or lots.
2. Within the meaning of sections 40.010 to 40.266, inclusive, a public water system includes any such system operated under the regulatory authority of the public service commission of Nevada and any other such system.

SECTION 13. Section 40.130 of the Washoe County Code is hereby amended to read as follows:

40.130 "Unincorporated area" defined.

1. "Unincorporated area" refers to all geographic areas within the boundaries of the county, excepting those areas lying within the corporate boundaries of the city of Reno and the city of Sparks.
2. Nothing contained in sections 40.010 to 40.266, inclusive, prevents the board from defining or designating any specified area or areas within the "unincorporated area" for the purpose of the administration of sections 40.010 to 40.266, inclusive, if circumstances require such designation.

SECTION 14. Section 40.170 of the Washoe County Code is hereby amended to read as follows:

40.170 Waste of water prohibited.

1. It is unlawful for any customer of a public water system to waste water as defined in section 40.180 in the unincorporated area of the county.

2. For the purposes of sections 40.010 to 40.266, inclusive, the use, consumption or expenditure of water under any of the conditions classified in section 40.180 shall be presumed to be wasteful and a violation of sections 40.010 to 40.266, inclusive.

3. Nothing contained in this section may be construed to prohibit any person having a direct legal right or owning an appropriated water right from using water in accordance with the express terms and conditions of any permit to use or appropriate water issued under authority of the state engineer or pursuant to any order or directive of any federal water master having authority in the county or pursuant to any lawful court order or decree.

SECTION 15. Section 40.180 of the Washoe County Code is hereby amended to read as follows:

40.180 Definition of "waste" of water; classification of conditions under which consumption or expenditure of water is wasteful. The existence of any of the following conditions involving the use, consumption or expenditure of water shall constitute prima facie evidence of the "waste" of water within the meaning of sections 40.010 to 40.266, inclusive:

1. Wastage of water.

2. Use of water through any meter or other facility when the customer or his agent or representative responsible for the use of such water has been given 24 hours personal notice to repair one or more leaks in any piping system or any plumbing fixture connected directly or indirectly to such meter or other facility and such customer or his agent or representative has failed to complete such repairs.

3. Using water or permitting the use of water in violation of any notice served on any person by the director of water resources or his agent or representative as provided in sections 40.010 to 40.266, inclusive.

4. Using water in violation of any of the paragraphs of subsection 2 of section 40.230 after an emergency has been established by action of the board in accordance with the procedure set forth in section 40.230.

5. The washing of automobiles, trucks, trailers or any other type of mobile equipment, except in washing facilities operating with a water recycling system or using a nonpotable water source approved by the director of water resources with a prominently displayed sign in public view so stating, except where required by health and sanitary regulation, and except with a hose to

which a self-closing nozzle is attached.

SECTION 16. Section 40.200 of the Washoe County Code is hereby amended to read as follows:

40.200 Accidental wastage of water; notice of violation precondition to prosecution for violation. If any violation of sections 40.010 to 40.266, inclusive, is the result of any accidental breaking of any hose, water pipe, irrigation device or system, or any other component of a water-delivery system, which accident or emergency is beyond the control of any customer where the violation occurs, personal notice of such violation shall be given by the director of water resources or his agent or representative to the customer or person or an agent or representative of the customer having the custody, control or responsibility for the property or who has a pecuniary interest therein. Such notice shall direct that the situation or condition causing the violation of sections 40.010 to 40.266, inclusive, be corrected within 24 hours from the time of the receipt of such notice. If any violation of sections 40.010 to 40.266, inclusive, has not been corrected within such time, it shall constitute an unlawful condition within the meaning of section 40.180 and shall be punishable as provided in section 40.266.

SECTION 17. Section 40.210 of the Washoe County Code is hereby amended to read as follows:

40.210 Furnishing water used in violation of section 40.010 et seq. unlawful.

1. The director of water resources or his authorized agent or representative may issue an appropriate notice to any person representing a public water system which is not doing business as a utility regulated by the public service commission of Nevada but which furnishes water to any customer for business, manufacturing, agricultural or household use, which notice may specify that any customer or person who is being furnished water is in violation of sections 40.010 to 40.266, inclusive.

2. Upon receipt of such notice, the person who furnishes or supplies water shall take all appropriate steps to correct and eliminate any violation of sections 40.010 to 40.266, inclusive, within 24 hours of receipt of any such notice from the director of water resources. Any supplier of water who receives a notice as provided in this section shall make every effort to notify the customer responsible for the waste of water in violation of sections 40.010 to 40.266, inclusive, to correct and eliminate the violation.

3. It is unlawful for any person to continue to furnish water to any customer on whose property any violation of sections 40.010 to 40.266, inclusive, is allowed to continue more than 24 hours after receipt of the notice provided for in this section

from the director of water resources, unless the director of water resources extends such time limit in writing upon request of the water supplier.

SECTION 18. Section 40.220 of the Washoe County Code is hereby amended to read as follows:

40.220 Enforcement. The department of water resources and its officers and employees and the director of water resources or his agents or representatives have the duty and are hereby authorized to enforce the provisions of sections 40.010 to 40.266, inclusive, including the issuance of any notice required or authorized by sections 40.010 to 40.266, inclusive.

SECTION 19. Section 40.225 of the Washoe County Code is hereby amended to read as follows:

40.225 Prohibited uses of water and planting of lawns.

1. Unless a variance has been granted by the director of water resources for additional watering days due to soil conditions or other extraordinary circumstances which require additional watering days, it shall be unlawful to utilize water for the irrigation of lawns at any time except as follows:

- (a) Residences with even addresses -- Wednesday and Saturday;
- (b) Residences with odd addresses -- Thursday and Sunday;
- (c) Commercial customers -- Tuesday and Friday;
- (d) In lieu of the other authorized days -- Monday.

The provisions of this section do not apply to the public water systems of Empire, Gerlach, the Lake Tahoe Basin, general improvement districts or to customers of any public water system providing water service within the unincorporated area which on or subsequent to the effective date of this ordinance has water meters installed upon ninety percent (90%) of the residences required by law to be retrofitted with water meters.

2. If a water emergency is declared by the board by resolution pursuant to section 40.230, it shall be unlawful to utilize water for the irrigation of lawns at any time except as follows:

- (a) No lawn watering from November 1 through February;
- (b) Lawn watering 1 day per week during March, April and May;
- (c) Lawn watering 2 days per week from June 1 through August 31

as follows:

- (1) Residences with even addresses -- Wednesday and Saturday;
- (2) Residences with odd addresses -- Thursday and Sunday;
- (3) Commercial customers -- Tuesday and Friday;
- (d) Lawn watering 1 day per week during September and October.

3. It shall be unlawful to utilize water for the irrigation of lawns between the hours of 1:00 p.m. and 5:00 p.m.

4. During a water emergency it shall be unlawful to plant a seeded or hydroseeded lawn from May 16 through September 15.

5. Nothing contained in this section shall prohibit:

- (a) The use of waste water for any lawful purpose;
- (b) The watering of new lawns for a period of 6 weeks from the date of planting seed or laying sod or watering vegetation planted for erosion control in a project approved by the board to the extent necessary to reasonably assure establishment thereof;
- (c) The hand-watering of vegetable or flower gardens, trees and shrubs in a non-wasteful manner.

6. The board may restrict water usage beyond that established herein upon a finding that absent such further restriction there is an imminent threat to public health and safety.

SECTION 20. Section 40.230 of the Washoe County Code is hereby amended to read as follows:

40.230 Conditions constituting wasteful use of water under emergency circumstances.

1. Upon a finding that a water emergency condition exists or is likely to exist, the board may declare the existence of emergency conditions by the adoption and publication in a newspaper having general circulation in the county of an appropriate resolution stating the nature of the emergency, the area or areas of the county subject to the emergency conditions, and the reasons and findings necessitating the preservation of water and the elimination of all uses that would result in the waste of water by customers of a public water system, in order to preserve and protect the general health, welfare, safety and convenience of the citizens residing in the unincorporated area of the county or designated areas therein. In making a finding that a water emergency condition exists or is likely to exist, the board shall consider:

(a) The amount of recorded precipitation during the preceding year in the area affected in relation to the normal precipitation recorded for such area;

(b) The amount of water contained in any reservoir, storage basin (including without limitation any underground water supply basin), or other water supply facilities utilized by any public water system in the area affected in relation to the projected water use from such reservoir, storage basin or other water supply facility;

(c) The level of stream flows in the area affected in relation to normal stream flows;

(d) The existence or the probability of existence of an order from any federal water master or other official having jurisdiction in the area in question that any diversion that may be made from any river or stream to satisfy the water rights of any public water system serving customers in the county is insufficient to satisfy such water rights; or

(e) The existence or the probability of existence of circumstances related to the ability of a water purveyor to provide an adequate water supply to its customers.

2. When an appropriate resolution has been adopted by the board, the following conditions shall apply in specifying the kinds and amounts of consumption or expenditure of water which will be deemed and presumed to be "wasteful" within the meaning of section 40.180:

(a) Except when acting pursuant to a dust control permit issued by the district health department, use of water for allaying dust, unless a permit for such use is issued by the director of water resources or his agent or representative to enable an applicant for such permit to comply with any other valid law, regulation or ordinance;

(b) Use of water to wash any sidewalk, walkway, driveway, street, parking lot, tennis court or other hard-surfaced area, if the director of water resources has issued a public notice or published such notice in a newspaper of general circulation in the county directing the discontinuance of such use of water for the period of time specified in such notice. Such notice shall be a condition precedent to any violation of this subsection and shall be based on a finding by the director of water resources that the public health, safety, and convenience requires such a restriction on such use of water because of limited water supplies. The director of water resources may rely on representations from any public utility that supplies water to customers in making such a finding;

(c) Use of water from fire hydrants for any purpose other than extinguishing fires or use in county maintenance vehicles;

(d) Use of water for any outdoor decorative purpose; and

(e) Restaurant practice of serving water to customers except upon request of said customers.

SECTION 21. Section 40.260 of the Washoe County Code is hereby amended to read as follows:

40.260 Infraction; notice of infraction; service; duties of respondent; judicial enforcement.

1. Except as otherwise exempted herein, it is a civil infraction for any customer of a public water system to waste water.

2. Whenever any customer of a public water system is found to be in violation of sections 40.010 to 40.266, inclusive, a notice of infraction must be issued.

3. The notice of infraction must be on a form prescribed by the director of water resources and contain the following:

(a) The location at which the violation occurred;

(b) The date and time of the violation;

(c) The section of the code allegedly violated;

(d) Information providing the date and time of a hearing and procedure under which the notice should be answered;

(e) Any other information prescribed by the director of water resources;

(f) The signature of the person who issued the notice of infraction.

4. The original notice of infraction, or a facsimile thereof, must be filed with the director of water resources and maintained as a public record. The filed notice shall constitute prima facie evidence of the facts which are alleged therein. A duplicate of the notice of infraction must be served on the person to whom it is issued as provided herein.

5. Service of a duplicate notice of infraction shall be as follows:

(a) By personal service upon the customer;

(b) By fixing the notice to the property of the customer in a conspicuous place, which service shall have the same force and effect and is subject to the same penalties for the disregard thereof, as if the notice were personally served on the customer.

6. For purposes of this section, a customer who is not the owner of the real property to which water is supplied by a public water system, but who occupies or uses said real property with the permission of the owner, express or implied, is deemed to be the agent of the owner to receive a notice of infraction, whether said notice is personally served on the occupier or user or affixed to the real property.

7. A customer is liable for the civil fines imposed pursuant to section 40.266. The owner of the real property, even if not the occupant or user thereof, is also liable for such civil fines unless he is able to demonstrate that the waste of water was without his permission, express or implied. An owner who pays a civil fine pursuant to section 40.266 has the right to recover from the occupant or user of the real property the civil fines so paid, and has a cause of action in any court which has the appropriate jurisdiction against the occupant or user of the real property for the amount so paid.

8. A person responding to a notice of infraction must:

(a) "Admit" the commission of the infraction and pay the designated civil fine; said fine may be paid by mail or in person to the department of water resources and without any formal appearance.

(b) "Deny" the commission of the infraction; said denial must be made in person on the date and time set on the notice unless a continuance has been granted by the director of water resources.

9. The burden to prove any defense shall be upon the person raising said defense.

10. If the director of water resources, or designated hearing officer, determines that the infraction has not occurred or that an infraction has been committed but a reasonable defense exists for the commission thereof, the director of water resources, or designated hearing officer, may dismiss the notice of infraction and release the customer or owner from liability thereunder.

SECTION 22. A new section 40.265 of the Washoe County Code is hereby added to read as follows:

40.265 Appeal; judicial enforcement of fine or assessment.

1. A person against whom the director of water resources, or

designated hearing officer, has entered a finding of liability and assessment of fine, by default or otherwise, may, if the assessed fine has been paid, appeal to justice court within ten (10) days from the date of entry of the finding and assessment. Appeal may be made by filing with the director of water resources a written notice containing the appellant's name, current address, telephone number, notice of infraction number, and a statement that the appellant appeals the finding and assessment.

2. Upon receipt of timely notice of appeal the director of water resources shall forward the notice of appeal, together with a copy of the notice of infraction and a copy of the director of water resources, or designated hearing officer's, finding and assessment to the appropriate justice court and a copy of the same to the district attorney.

3. On appeal, the matter shall be resolved as a civil action, except that no formal complaint need be filed or summons issued. The filing of the notice of appeal shall constitute a submission by the appellant to the jurisdiction of the appropriate justice court and to all notices and orders issued by said court during appeal and to final judgment of said court on resolution of the appeal.

4. If a fine or assessment has been made by the director of water resources, or designated hearing officer, and has not been paid when due, judicial enforcement may be by way of civil suit for judgment in the appropriate justice court. Such action may be commenced any time after the expiration of forth (40) days following the date upon which the fine or assessment was due by the filing of a complaint in the name of the county and the issuance and service of a summons by certified mail, return receipt requested, addressed to the customer or owner at his last known address or in any other manner authorized by law.

SECTION 23. A new section 40.266 of the Washoe County Code is hereby added to read as follows:

40.266 Schedule of civil fines and assessments. The civil fines and assessment imposed for infractions of sections 40.010 to 40.266, inclusive, shall be as established by the director of water resources and approved by the board.

SECTION 24. Section 40.560 of the Washoe County Code is hereby amended to read as follows:

40.560 Rules; records; commission action on water plan and amendments; conditions precedent to adoption of plan or amendments.

1. The commission shall adopt rules for the transaction of business and shall keep a record of its resolutions, transactions, findings and determinations. This record shall be a public record.

2. Complete records of official actions of the commission shall be kept on file in the department of water resources.

3. At least six votes are necessary to recommend a plan, or amendments thereto, to the board.

4. The commission action on a plan or amendment thereto must be by resolution, which resolution must identify the text, maps and descriptive or other matter constituting the plan.

5. A plan, or amendment to the plan, must be adopted by the board by a two thirds vote of the total board membership in accordance with the Act and receive a determination of conformance by the regional planning commission prior to it becoming effective.

6. The initial plan, once adopted, must be reviewed within five years and every three years thereafter. After each review, the commission must submit any proposed amendment to the board or report there are none.

7. The procedures for notice and public hearings on the initial plan and any amendments shall be those established in the Act.

Proposed on the 26th day of November, 1996.

Proposed by Commissioner Jim Shaw.

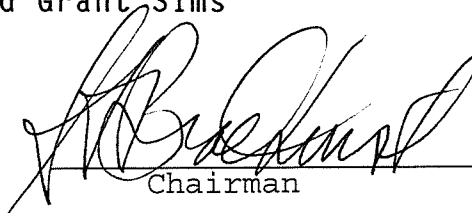

Passed on the 10th day of December, 1996.
