ARTICLE 5. OTHER CHARGES, FEES AND DEPOSITS

5.4 Connection Privilege Fee for New Connections

- A. A Connection Privilege Fee shall be charged for each new water service which was not previously provided by the developer of the subdivision, for all service areas. The fee shall be based on the service size and shall be in the amount shown in Article 5.4F.
- B. The fee shall be charged for each dwelling unit or lot on the final subdivision or parcel map.
- C. The fee shall be paid to the County prior to approval of the final subdivision of parcel map, issuance of building permit, or initiation of work by the County.
- D. The Connection Privilege Fee for service to residential units shall be charged for each residential unit being served. Each apartment of an apartment building, each condo of a condominium development, each mobile home, whether on individual lots or parks, shall be charged a Residential Connection Privilege Fee. This Residential Connection Privilege Fee applies whether each residential unit is individually metered or a group of residential units are metered through one meter such as an apartment building or a mobile home park. For condominiums, mobile home parks, and other developments which have "common areas," the Connection Privilege Fee shall be based on the size of each service, per Paragraph F. If a residential Customer requests a service size larger than 3/4 inch, the fee shall be the amount charged for the size of service requested. The County has the option of reviewing any changes in use and to amend the fee accordingly.
- E. If, in the opinion of the County, a larger service should be installed due to limited pressure available at the site of service, the County may install a larger service line and/or meter. The Connection Privilege Fee would be based on the service size required if there was not limited pressure. For this case, limited pressure is defined as less than 40 psi at the outlet of the meter box.
- F. A Connection Privilege Fee for each new commercial water service shall be charged and shall be based on service size in accordance with the following table. Service sizes not listed in the following table shall be charged the Connection Privilege Fee of the next larger size listed in the table.
