THE BOARD OF COUNTY COMMISSIONERS OF WASHOE COUNTY DOES HEREBY ORDAIN:

SECTION 1. Section 110.306.10(g) of the Washoe County Code is hereby amended as follows:

(g) Cargo Containers. Cargo containers, as defined within Article 902, *Definitions*, may be established as a detached accessory structure for the sole purpose of storage subject to the provisions below.

(1) All cargo containers must adhere to the following regulations:

- (i) Must meet all Washoe County placement standards for a detached accessory structure.
- (ii) Only one cargo container of not more than 200 square feet of floor space shall be allowed on a parcel of land less than one-half acre in size; two cargo containers of any size shall be allowed on a parcel of land between one half acre and five acres in size. Parcels larger than five acres are limited to one container (of any size) per acre or portion thereof.
- (iii) The cargo container shall be painted one, solid, muted color that blends with the surrounding vegetation, structures, or topography.
- (iv) All cargo containers shall be free from severe damage, shall not be structurally altered, and shall be free from severe rust. The Director of the Planning and

Building Division shall have the authority to determine if these standards have been met.

- a. A cargo container may potentially be used as structural support for other elements of a detached accessory structure as long as the container is not structurally altered; the overall design has been stamped by a qualified engineer; and a building permit is obtained for the overall structure.
 - (v) Shall not include plumbing fixtures.
 - (vi) Shall not be stacked; except in the Commercial and Industrial regulatory zones with an established commercial or industrial use type, and then not stacked above two high. Setback requirements shall be determined by the total height of the stacked structure.
 - (vii) Shall not display off-premise advertising, company logos, names, or other markings painted on, or otherwise attached to, the exterior of the cargo container.
 - (viii) Shall not occupy any required off-street parking spaces for the site.
 - (ix) Shall be separated from any other structure or storage shed by a minimum of ten feet, with the following exception:
 - a. Cargo containers may be placed side-by-side, with no separation between the individual containers, up to a maximum grouping of four containers where more than one cargo container is allowed on a property. Any such grouping of containers shall be a minimum of 20 feet from any other structure, storage shed, or other cargo container(s). This does not allow for placement of cargo containers end-to-end.
 - (x) Cargo containers do not require a placement permit from the Planning and Building Division, except within Commercial or Industrial regulatory zones or as otherwise noted within this section.
 - (xi) Any electrical wiring or HVAC components shall require a building permit from the Planning and Building Division.
 - (xii) Shall not be established as an Agricultural Building as a Main Use pursuant to Article 330, Domestic Pets and Livestock, of this Development Code.
- (2) Cargo containers placed on parcels one and one quarter acre or less in size must also adhere to the following regulations:
- (i) Shall not be placed between a residence and the adjoining street or road right-of-way that provides primary access to the residence.
 - a. On a parcel fronted by two or more street or road right-of-ways, the Director of the Planning and Building Division shall have the authority to determine the primary access to the residence.

SECTION 2. Section 110.310.35(h) is hereby amended as follows:

- (h) Temporary Contractor or Owner-Builder Materials or Equipment Cargo Containers.
Upon payment of plan review fees for a principal structure supporting an allowed principal use, a contractor or owner-builder may place temporary cargo containers on a property to support the construction of the project allowed by the permit. The temporary cargo container(s) must be located immediately adjacent to the site of the construction activity. All cargo containers shall be free from severe damage, shall not be structurally altered, shall be free from severe rust, and shall not have exposed bare metal. Such cargo containers shall be removed upon the expiration or revocation of the building permit. If the building permit has not been issued within 12 months of the date of original payment of plan review fees, the cargo container shall be removed from the property at the owner's expense. Issuance of the building permit at a later date will allow the cargo container(s) to be placed on the property again. Any cargo container remaining on-site after issuance of a final building inspection or Certificate of Occupancy shall conform to the standards within Section 110.306.10.

SECTION 3. Section 110.90215 is hereby amended to add a definition of "Cargo Container" as follows:

Cargo Container. "Cargo Container" means an Intermodal Container, Sea-land Container, ISO Container, or Conex Box that is not designed for independent or "In-tow Trailer" highway use, and that was originally designed and constructed as a standardized, reusable storage and shipping vessel to be loaded on a truck, rail car or ship.

SECTION 4. General Terms.

1. All actions, proceedings, matters, and things heretofore taken, had and done by the County and its officers not inconsistent with the provisions of this Ordinance are ratified and approved.
2. The Chairman of the Board and officers of the County are authorized and directed to take all action necessary or appropriate to effectuate the provisions of this Ordinance. The District Attorney is authorized to make non-substantive edits and corrections to this Ordinance.
3. All ordinances, resolutions, bylaws and orders, or parts thereof, in conflict with the provisions of this Ordinance are hereby repealed to the extent only of such inconsistency. This repealer shall not be construed to revive any ordinance, resolution, bylaw or order, or part thereof, heretofore repealed.
4. Each term and provision of this Ordinance shall be valid and shall be enforced to the extent permitted by law. If any term or provision of this Ordinance or the application

thereof shall be deemed by a court of competent jurisdiction to be in violation of law or public policy, then it shall be deemed modified, ipso facto, to bring it within the limits of validity or enforceability, but if it cannot be so modified, then the offending provision or term shall be excised from this Ordinance. In any event, the remainder of this Ordinance, or the application of such term or provision to circumstances other than those to which it is invalid or unenforceable, shall not be affected.
