The project approved under Detached Accessory Dwelling Administrative Review Case Number WDADAR21-0015 shall be carried out in accordance with these conditions of approval granted on December 22, 2021. Conditions of approval are requirements placed on a permit or development by each reviewing agency. **Unless otherwise specified**, all conditions related to the approval of this detached accessory dwelling administrative review shall be met or financial assurance must be provided to satisfy the conditions of approval prior to issuance of a certificate of occupancy by the Planning and Building Division. The agency responsible for determining compliance with a specific condition shall determine whether the condition has been fully completed or whether the applicant shall be offered the option of providing financial assurance. All agreements, easements, or other documentation required by these conditions shall have a copy filed with Planning and Building.
