Subject: District 25 - Open Seat - Potential Nominee Intro Letter

Hi John,

Thanks again for returning my call so quickly. Below is the info I would like sent along to the Commissioners.

Dear Commissioners,

First off, thank you for taking the time to consider me for the role of State Assemblyman for District 25. I realize that the term will be short, but I am actively pursuing opportunities in local and state politics so that I may help build upon the good things that Commissioners such as yourselves and other state legislative members in Nevada are doing.

With such a short time period in which to consider the potential nominees, I would like to introduce myself to you in a quick and efficient manner. I am also available for any questions you may have so that I may elaborate, so please just call my cell phone number which is listed below.

A little about my person and professional life:

- Born, raised, and educated in Reno, Nevada. BA from the Reynolds School of Journalism with emphasis in Advertising.
- I have relationships with local downtown casino executive level managers and owners. I am currently the Director of Marketing at the Club Cal Neva, and a representative for the gaming and tourism industry in Northern Nevada which is relevant to the upcoming special session regarding the room tax in Las Vegas.
- I am 31 years old with a wife and two children, a boy (10 months) and a girl (3 years). I am the fourth generation of Siri's who have lived in Reno. My grandfather was a local small business owner (Ponderosa Meat), and my father is currently the owner and President of the Club Cal Neva.
- I have previously served at other local companies: Marketing Manager at Haws Corporation, EMPLOYERS Insurance, and Server Technology. Prior to that I was employed by UNR doing marketing on campus, while also working for Apple Computer's Campus marketing program.
- I live in District 25 and have for my entire life excluding my time at college. I am in the community, and want to work for this community. I want to hear from the community, and work as a team to help make the right decisions.
- I am a registered Republican.
- I love working in Reno, and feel that my relationships with members of this community are valuable. I am not a career politician, but a member of the community who wants to serve short term.

I would like to schedule a time where I can meet with you in the next few days so you can become acquainted with me and have confidence in your nomination. Thanks again.

Best Regards,
Brandon Siri

John,

I read about the State Senate vacancy in district 15 and am interested in being considered. I've recently finished a term as a Washoe County Grand Juror which has piqued my interest in community service.

I'm a Nevada native who's moved around a bit, having lived in the San Francisco and St, Louis metro areas and have observed how larger cities are able to provide working infrastructure to their citizens. I'm living at 3425 W Plumb Ln which I believe to be within district 15.

I hope to offer the district a fresh perspective - that of a non-career politician with common sense ideas who listens to the constituents within the district. I hope that the commissioners will consider me for the vacancy.

Subject: Vacancy in Dist. 15

Hi Commissioner Berkbigler
I just received a press release about the appointment of vacancies in the State Senate and Assembly.

I am interested in making application for Senate District 15, which I believe is your District. I live on Virginia Lake and believe it is in Senate District 15. I have been an advocate for the State Health and Human Services Department since 2000, serving as Vice Chair for the Aging and Disability Services Strategic Plan Accountability Committee for Seniors. In 2006 I became Chair, a position I still hold today.

Six years ago I became a lobbyist, and currently represent the Personal Care Association of Nevada. We were able to get all PCA Agencies, Adult Day Care, and other Facilities for the Dependent signed by the Governor to be licensed to practice in Nevada, during last session.

I am greatly familiar with the Legislative process, have served as chair on both the Washoe County Senior Services Advisory Board and the City of Reno Senior Citizen Advisory Committee. I currently service on the Nevada Governor's Commission on Aging, Olmstead Planning Committee as Chair, and am a former member of the Grants Management Committee in the Directors Office.

Best of all I am also a registered Republican.

Please advise me how I can submit my resume and application for the process. I truly believe I can walk into this role on day one as a representative for Washoe County, and the people residing in the district.

I have attached my personal resume for your consideration of the vacant District 15 Nevada State Senate Seat. While my political experience is limited to the other side of the table, I have a great desire to give back to my community and would like to further this desire by serving the public. I have met with each of you on occasion to discuss development projects and that is why I am reaching out to you now.

I have many years of experience as a business leader and would like nothing more than to extend by experience to the state legislative branch. Your consideration is greatly appreciated.

Should you like to discuss this matter or have any questions, please feel free to call me at 775-287-4794 or email me at doughunter@yahoo.com

I made this as an attachment too. I don't have spell check so sorry about any errors.

Call me at 673-9165 when you get this so I can be assured I entered the right address:

Personal information for Elise Weatherly for the Seat for Nevada State Senate District No. 15 in Washoe County.

If you are looking for someone who is geared for government, please do not accept me. I am probably the most politically-incorrect person I know, and I don't even know myself that well.

My background attests to the fact that I am black and white, there's very little room for gray in me. I also am aware of my frailty as a human being so the scripture in the Holy Bible is what I base my life on. I am as black and white as Marvin Neal, former chaplain of the Jan Evans Youth Center who was dismissed after 25 years of service because he refused to compromise the truth, that is the Word of God, the only Book that says "In the Beginning" which science has now confirmed is true. This was written thousands of years ago and it took us this long to catch up to the facts and the evidence. So, according to social standards Marvin-the-male is black and Elise-the-female (there are only TWO genders) are actually the same color. With him and many others I worship the ONE AND ONLY GOD there is, the God of Abraham, Isaac and Jacob (renamed ISRAEL). My background in accounting, programming, systems (IE Payroll) and laws was a good fit for my design (I am a created being).

Besides math I do music. I have a CD (which I have been blessed to have some songs aired by KNIS Pilgrim Radio in Carson City, for which I will not take credit for I also did not create math or music); music on YouTube, another CD on the way, I play music around town and even down at the State Legislative building occassionally. I was recently let go by a church from one of the rest homes I played at because I challenged their compromise of the Word of God. I will not compromise, I will tell the truth, the whole truth and nothing BUT the truth, God help me. And I will need His help because I am, by nature, a liar.

I am a law-breaker. Everytime I get behind the wheel of my car I am sure I break the law every single second. I multi-task, I don't come to a complete stop, I always seem to go just over the speed limit, but I do it with complete focus on the road ahead, the destination and the people beside me. I have only been in one accident in my adult life and that's because the man I was with, as a joke, didn't warn me of the danger ahead. He knew what was coming, but I didn't and he knew I didn't, and when I inadvertently ran through that very unexpected stop sign, I plowed into the vehicle of a very innocent older woman, who I might have harmed greatly if not for the protection of whomever had been assigned to watch over us

that day or that event. Now I am in a position to warn people of the danger ahead of us, and what our one and only means of escape will be. That's Y'Shua HaMashiach, Jesus Christ, God in the flesh who was sent at a time He knew He would be rejected by the current leaders, and He did that so an opening for an offering to me could be made. I accepted it! Me, a dog at the foot of the Master's Table.

I try not to make quick or rash promises because I tend to be a promise breaker if I don't take the time to gather evidence for the request.

The Bible is the foundation for the nation, and the nation itself was set up nicely to reflect the laws God had set up for Israel. We need to stick with the plan. We've tried the alternative in the 1960's when the Bible was excluded from the public arenas, and look what has happened. John F. Kennedy was shot that year and things have gone downhill from that point. JFK was not a perfect person, nor am I, but as much as I love God, the Bible and the truth he loved this country, if not the same things as I do now. I cannot speak for him, but he spoke for himself. Let's get that kind of man back in the office!

I was in the running for the valedictorian position of High School in White Pine county and MAY have beat Vance Walker. We will never know because I chose to run away from home instead. In fact, I did a whole lot of running and a whole lot of sinning for many years, until the time I got the Word that it was time to stop. So I stopped except for a minor episode of slipping back into doing things my own way, marrying a man I knew I shouldn't have married (husband #3) and ended up hurting us both. I am not authorized to do that again.

In 2015 I "left" my position as Director of Payroll for the Eldorado, having been scheduled to go into the IT department from that point forward but was re-directed with what was analyzed as a terminal brain tumor. Testing out many promises in the Bible (a lot of others doing the same thing at the same time) I was healed by what my precious Dr. Farrimond called a miracle and am now just going around doing my Father's business. I still make mistakes and step on people's toes and say things that hurt their feelings, but the hurt is not intentional and I have been given the gift of repentance and forgiveness, so that gives me great hope.

Since I'm secure in my position in Christ, if that is a hindrance for you or if you think I will be too hard to work with, please do not select me for anything. My feelings will not be hurt, I will probably be as relieved as I was when Sparks Christian Fellowship chose Dan Palmer over me

I say in a paradoxical way that my life is 100% natural and 100% supernatural. If this doesn't sit well with you, please don't even consider

me as a candidate because I can't change the facts of who I am.

Dear Commissioners,

Please accept my letter of interest to be appointed to the Nevada State Senate - District 13 vacancy. I am a current resident of District 13 and am registered with the Democratic Party.

As a former Bishop City Council member and vice chair of several commissions, I feel that my political leadership experience will be of tremendous service to the Senate and to Washoe county. In this capacity I have direct experience with directing and participating in public meetings, government budgeting processes, regional planning and legal analysis, city, county and state department collaboration, public speaking and community outreach. I have a dedicated interest in local and state governance and am confident that I can fulfil the remainder of the Senate term with a high level of professionalism and collaboration.

I would sincerely appreciate the opportunity to work closely with the Washoe County Commissioners in this capacity and look forward to being of service to the residents and stakeholders of Washoe County in realizing a progressive and fiscally sound future for Nevada.

Sincerely,

Commissioner Lucey:

I am interested in submitting my name for consideration of nomination for SD15/AB25 vacancies.

My qualifications are:

1. I am knowledgeable about the issues facing both districts as I have served on the South Truckee Meadows CAB and been chair for many years.
2. I was deputy chief of staff and head of the capitol office for Lt. Governor Lorraine Hunt. I was also her legislative procedure adviser when she served as president of the Senate. I am

knowledgeable with Mason's Manual of Legislative Procedure and what is required when serving in the Nevada state legislature.

3. I would be a neutral representative as I am not currently seeking election for the position in November.

4. I have stayed in touch with many of the current members of the legislature.

Please feel free to contact me if you have any questions.

Marsha: we have met on a number of occasions. My wife is Christine CRAPERI Bayer and I am the former Director of Prisons for Nevada. I have a Ph.D. in political science/public administration and served both a republican and democrat governor. If any nominations are made today I would love to be considered. I know that this is short notice but I just heard about the meeting. I think Pat Hickey would give you good feedback as well as David Humke. I actually ran for that seat years ago and lost a very close race. I realize this will only be a place keeper seat for the special session. I have drafted legislation and could step in without any additional training. I was the longest serving director for the NEVADA department of prisons and have attended many sessions. If nominations are taken with the decision to be made later, I look forward to sharing all of my qualifications. Thank you for your time. Again I apologize for using this medium to make such a request.

Subject: Interest in the vacant District 25 Assembly representative appointment.

Mr. Slaughter:

Marsha Berkbigler was kind enough to forward my note of interest in this appointment to your office and I thought that a current resume would be useful and informative in the decision making process. The time frame for this decision is short, and I appreciate the difficulty the Board faces to meet all of the requirements of this and the other appointments. I would be willing to meet with any of the Board members prior to the appointment date and you will see that my resume includes a lot of community service as well as important experience. I do not believe any of the other candidates have spent as much time involved in and testifying before the legislature. I wrote my dissertation on privatization and have lived in this district for over 40 years. I did run for this seat on one occasion and went to bed winning the seat. When I woke up in the morning, I found out that I had lost a close race. It was a great experience, however, and I learned a lot about the constituents in District 25. My career has been one of public service and I know that I could do an excellent job representing District 25 for the upcoming special session. I was appointed by both a democrat (Bob Miller) and a republican (Kenny Guinn) as the Director of the Department of Prisons (now Corrections) and served on the Nevada Peace Officer's Standards and Training Commission as an appointee for nearly 6 years. Thus, I believe that both parties would view my appointment favorably. I have been on numerous city and county task forces and served as President of my Rotary Club. Thank you for the assistance in this process.

Sincerely,

Bob Bayer

Dear Mr. Lucey and the County Commission,

I have been practicing medicine in Reno and Carson City with Nevada Retina Associates since 1998. I reside in South Reno in Assembly District 25 and State Senate District 15. As one of the more politically active ophthalmologists in town, I have had the pleasure of getting to know the various folks who have served in the State Legislature with distinction over the years. I also understand that while our law-makers meet formally only 120 days at a time that many important things happen during the interim.

One of those important things is the prospect of another special session of the Legislature. Frankly, I'm a bit dissapointed that my current elected representatives have left myself and my neighbors without representation during this interim. I am glad that we have excellent candidates to fill these spots after November.

I am a registered Republican and would be honored to have my name placed in consideration for either of these vacant seats given the prospect of another special session prior to the November

elections. I have attached my CV. You will note that my political experience is limited to the ophthalmology world but I would hope that the Commission would look upon this favorably given this unique situation.

I can provide some excellent references upon request, and am happy to speak with any of you at any time.

Best Regards,
